

San Ysidro High School

5353 Airway Road
San Diego, CA 92154
Office: (619) 710-2300 Fax: (619) 710-2318

Principal: Hector Espinoza (email: hector.espinoza@suhsd.k12.ca.us)

Assistant Principals: Chris Adams, Ed Bajet, Manuel Gonzalez, Bill Walsh

Medical Biology at San Ysidro High School is a special class for students who may be interested in a career in the medical field.

Maybe you don't know what you want to do in the future? This class is a great way to find out!

Medical Biology gives you the same credit as a regular Biology class, but focuses on the field of medicine.

Even better, Ms. Krotz, the teacher, is a former nurse.

If you are interested in this class, you must visit Ms. Krotz during class breaks or email her at: Sheila.Krotz@suhsd.k12.ca.us.

Ms. Krotz looks forward to hearing from you soon! Remember, space is limited, so don't wait too long before contacting her.

Sheila Krotz, M.Ed., RN
Biology, Anatomy & Physiology
MEDICS Advisor
Minds to the Mission Leadership Team
Sheila.Krotz@suhsd.k12.ca.us

"We are what we repeatedly do.
Excellence, then, is not an act, but a habit."
~Aristotle
